SUMMARY

Salesforce Developer with 5.5+ years of experience delivering enterprise CRM solutions, Salesforce development, production support, integrations, and release management within Healthcare and Life Sciences environments. Currently supporting global pharmaceutical organisations including Pfizer, Janssen, and Roche through Salesforce platform development, production stability initiatives, and business-critical CRM operations. Experienced across Apex, Lightning Web Components (LWC), Salesforce integrations, Copado CI/CD, Salesforce security, and multi-region deployment management supporting more than 1,000 users. Recognised for resolving complex production incidents, leading releases across APAC, EMEA, and LATAM regions, and combining development expertise with operational excellence in regulated Healthcare environments. Trailhead Ranger with 118+ badges, 3 Salesforce certifications, and 4 Copado certifications.

EDUCATION

Bachelor of Computer Applications (BCA)

Vijayanagara Sri Krishnadevaraya University, Bellary, Karnataka, India | 2019

PROFESSIONAL EXPERIENCE

Software Development Engineer 1 | IQVIA

Bengaluru, India | Jan 2025 – Present

- Resolved 50+ Priority 3 incidents and more than 250 service requests while maintaining 100% SLA adherence across enterprise Salesforce environments.
- Achieved approximately 62% same-day closure rates through rapid diagnosis and resolution of critical issues involving Apex, Flows, integrations, contracts, nominations, and authentication processes.
- Investigated complex production defects across Apex Classes, Triggers, Lightning Web Components, Salesforce Flows, and third-party integrations, improving platform reliability and reducing recurring incidents.
- Delivered Salesforce enhancements across security, automation, workflows, approval processes, and custom development requirements supporting evolving business needs.
- Collaborated with global stakeholders, L2/L3 teams, and SMEs while supporting deployment validation, release readiness, smoke testing, and Copado-driven release activities.

Software Development Engineer | IQVIA

Bengaluru, India | Jan 2024 – Dec 2024

- Developed managed package enhancements and custom Salesforce solutions resulting in a 20% reduction in development effort and improved platform performance.
- Delivered Salesforce solutions for Roche, achieving 95% positive client feedback through high-quality execution and timely delivery.
- Managed more than 300 Jira work items while maintaining a 98% on-time delivery rate across development, enhancement, and defect-resolution initiatives.

- Developed and customised Call Management, Meeting Management, and Clinical Trial modules improving user productivity by 20% across enterprise CRM environments.
- Led deployment activities across APAC, EMEA, and LATAM regions as Release Manager, achieving a 98% deployment success rate through effective Copado release governance.

QA Analyst | IQVIA

Bengaluru, India | Sep 2021 – Jan 2024

- Developed automation frameworks covering more than 1,000 user stories across Web and iPad OCE platforms, significantly reducing regression effort and accelerating release cycles.
- Improved quality assurance efficiency through automation-led validation strategies supporting enterprise Salesforce environments.
- Collaborated with development, product, and business stakeholders to improve release readiness, platform quality, and defect detection effectiveness.
- Contributed to delivery acceleration by bridging QA and Salesforce development responsibilities during critical project phases.
- Received organisational recognition for performance, ownership, and contribution to automation initiatives.

QA Engineer | IQVIA

Bengaluru, India | Apr 2020 – Sep 2021

- Executed quality assurance activities across Salesforce and Healthcare CRM platforms supporting enterprise product releases and customer deployments.
- Performed test validation, defect analysis, and release-readiness assessments to improve application quality and deployment success rates.
- Collaborated with cross-functional teams to identify issues, improve product functionality, and strengthen overall user experience.
- Contributed to automation initiatives that improved testing efficiency, reduced manual effort, and enhanced delivery quality.
- Earned Townhall recognition for contributions towards automation excellence and operational improvement initiatives.

KEY ACHIEVEMENTS

- Received four IQVIA Impact Awards for delivery excellence, platform stability contributions, and business impact.
- Delivered Salesforce solutions supporting global pharmaceutical organisations including Pfizer, Roche, and Janssen.
- Led release activities across APAC, EMEA, and LATAM regions with a 98% deployment success rate.
- Developed automation frameworks covering more than 1,000 user stories, significantly improving testing efficiency and reducing manual effort.
- Built a reputation as a trusted escalation point for critical production incidents, platform stability challenges, and complex debugging scenarios.
- Achieved 95% positive client feedback while delivering customised Salesforce solutions within Healthcare and Life Sciences environments.
